At our Q3 drivers meeting, Coach drivers participated in a 2 challenge course with obstacles to see: 1) who could make a right hand turn as close to the cone as possible without hitting it, as well as 2) a forward/reverse serpentine maneuver.

All of our Coach drivers did great and the winners were....

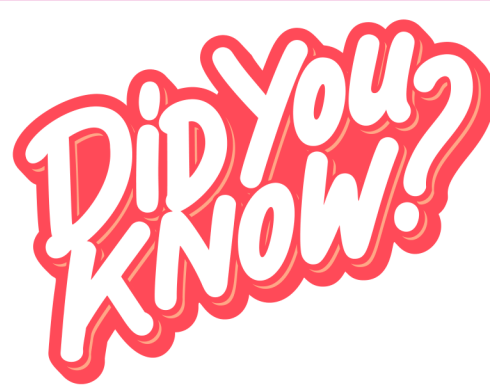

- 1st Place— Keith Hollenberg

Join us next year for the 2nd Annual Bailey's ROADeo (TBD) to see who will win. If you have any suggestions for next years competition, please send any suggestions via the BFOC app.
